

## Interstate International Completes One of the Largest Military Hospital Relocations in U.S. History

Interstate International's Logistics Division was chosen to provide its expertise to this two-plus-year landmark project. Our services encompassed a full range of capabilities to include warehousing, asset management, distribution, assembly and installation to support the Initial Outfitting and Transition of the Walter Reed Hospital to the newly constructed facilities at the Walter Reed National Military Medical Center and Ft. Belvoir Community Hospital. Interstate's processes and procedures are tailored to be flexible and scalable to meet project specific requirements.
